

# HERBLESS

*Meaning: Herbless refers to a version of a dish or recipe that does not include herbs, often created for individuals with allergies or sensitivities.*

1. The new restaurant offers a herbless version of their popular dish for those with allergies.
2. Many traditional recipes have been adapted to create herbless alternatives for sensitive palates.
3. In an effort to cater to different tastes, the chef prepared a herbless pasta sauce that still packed plenty of flavor.
4. Herbless gardening can be a unique challenge, but it allows for a focus on other plant varieties.
5. Some people prefer herbless teas, finding them smoother and easier on the stomach than their herbal counterparts.
