

HETERONOMY

Meaning: Heteronomy is the condition of being governed or influenced by external factors or authorities, rather than by one's own principles or beliefs.

1. Heteronomy often leads individuals to conform to external expectations rather than their own beliefs.
2. The concept of heteronomy is frequently discussed in philosophical debates regarding autonomy and moral responsibility.
3. In a heteronomous society, people may struggle to find their own identities amid societal pressures.
4. The distinction between autonomy and heteronomy is crucial in understanding ethical decision-making.
5. Many educational systems inadvertently promote heteronomy by prioritizing standardized testing over creative thinking.
