

HIEROLATRY

Meaning: Hierolatry is the worship of sacred objects or figures, often involving excessive reverence or devotion.

1. The ancient temple was a site of hierolatry, where the faithful worshipped the statue of their deity with fervent devotion.
2. Critics argue that the modern obsession with celebrity culture is a form of hierolatry, placing figures on a pedestal that they do not deserve.
3. In certain religious communities, hierolatry can manifest as an extreme reverence for sacred texts, sometimes leading to dogmatic interpretations.
4. The historian explored how hierolatry influenced the rituals and practices of early civilizations, shaping their worldview and societal norms.
5. Through the lens of hierolatry, one can understand the complex relationship between art, religion, and power throughout human history.
