

HIVELESS

Meaning: HIVELESS: lacking a hive or the presence of bees.

1. The once-bustling garden was now haveless, devoid of the buzzing bees that used to fill the air.
2. After the infestation, the beekeeper found his hiveless apiary a stark reminder of nature's fragility.
3. The flowers bloomed vibrantly, yet the absence of pollinators left the landscape feeling hiveless.
4. In a hiveless world, the silent absence of bees echoed the consequences of environmental neglect.
5. The documentary highlighted the alarming trend of hiveless ecosystems and their impact on food production.
