

HOBNAILED

Meaning: HOBNAILED (adjective): equipped with small, hard projections (hobnails) on the soles, designed to provide traction and durability, especially in footwear.

1. The soldier marched across the muddy field, his hobnailed boots digging into the soft earth.
2. Hobnailed shoes are often favored by workers who need extra grip and durability on slippery surfaces.
3. In the old photographs, the hobnailed footwear of the miners was a testament to their hard lives underground.
4. During the storm, the hobnailed soles of her boots provided the traction she needed to navigate the slick streets.
5. The distinctive sound of hobnailed footwear echoed through the stone corridors of the ancient castle.
