

HOMOGRAPH

Meaning: A homograph is a word that is spelled the same as another word but has a different meaning and may have a different pronunciation.

1. The word "lead" can serve as a homograph, meaning both a type of metal and the action of guiding someone.
2. In English, "tear" can be pronounced differently depending on whether it refers to a drop of liquid or the act of ripping something.
3. Homographs can often lead to confusion for language learners, as context is crucial for understanding their meanings.
4. The homograph "row" can refer to a series of items arranged in a line or the act of propelling a boat with oars.
5. Understanding homographs is essential for mastering the nuances of English vocabulary and pronunciation.
