

HYLIC

Meaning: Hylic refers to a person or state characterized by a focus on material existence and physical concerns, often contrasted with spiritual or intellectual pursuits, particularly in Gnostic philosophy.

1. The philosopher debated the nature of the hylic condition and its implications for human existence.
2. In the context of Gnosticism, the hylic individual is often seen as being trapped in material concerns.
3. Her writings explored the hylic aspects of reality, contrasting them with higher spiritual realms.
4. Understanding the hylic perspective can shed light on the human experience of suffering and desire.
5. The artist aimed to capture the essence of the hylic world through vivid colors and intricate textures.
