

HYLOISM

Meaning: Hyloism is the philosophical doctrine that asserts that matter is the fundamental reality and that consciousness arises from physical substance.

1. Hyloism offers a unique perspective on the relationship between matter and consciousness.
2. The philosopher's argument was grounded in hyloism, suggesting that physical substance is fundamental to existence.
3. In discussions of metaphysics, hyloism often contrasts with idealism, emphasizing the primacy of the material world.
4. The concept of hyloism challenges traditional views of dualism by asserting that only the physical realm is real.
5. Many modern thinkers explore hyloism as a way to bridge science and spirituality in their writings.
