

# HYPASPIST

*Meaning: Hypaspist: a lightly armed soldier in ancient armies who served as a versatile infantryman, bridging the gap between heavy infantry and light troops.*

1. The hypaspist moved swiftly through the ranks, ready to defend his commander at a moment's notice.
2. In ancient armies, the hypaspist served as a vital link between the heavy infantry and light troops.
3. During the battle, the hypaspist's agility allowed him to outmaneuver his opponents with ease.
4. Historians often debate the role of the hypaspist in the success of certain military campaigns.
5. With their unique training, hypaspists were both fierce warriors and skilled protectors of the phalanx.
