

ICONOMANIA

Meaning: Iconomania is an excessive admiration or obsession with icons, particularly celebrities and influencers, often leading to unrealistic expectations.

1. The rise of social media has fueled a new wave of iconomania, where influencers are worshipped like modern-day deities.
2. In a world dominated by celebrity culture, iconomania can lead to unrealistic expectations and unhealthy obsessions.
3. The documentary explored how iconomania impacts the mental health of young fans who idolize pop stars.
4. Many critics argue that iconomania detracts from genuine talent, focusing instead on image and brand.
5. Iconomania can often distort public perception, causing individuals to lose sight of the value of authenticity.
