

IDIOLATRY

Meaning: Idolatry is the worship of idols or excessive devotion to someone or something, often leading to the prioritization of that object of admiration over spiritual or moral values.

1. Idolatry can manifest in various forms, from the worship of physical idols to the excessive admiration of celebrities.
2. The ancient texts warned against idolatry, emphasizing the importance of spiritual devotion over material distractions.
3. In modern society, some argue that consumerism has replaced traditional idolatry, with brands becoming the new objects of veneration.
4. The philosopher cautioned that idolatry could lead to moral decay, as individuals prioritize their obsessions over ethical principles.
5. In her essay, she explored how idolatry can distort personal relationships, turning genuine connections into superficial attachments.
