

IDOLATRY

Meaning: Idolatry is the worship of physical representations of deities or excessive devotion to someone or something, often leading to the elevation of that object or person to a god-like status.

1. Many ancient cultures practiced idolatry, worshipping physical representations of their gods.
2. The rise of technology has led some to argue that modern idolatry manifests in our obsession with celebrities.
3. In her speech, she warned against the dangers of idolatry, emphasizing the importance of spiritual integrity.
4. Critics of the movement claimed that its fervent followers were engaging in a form of idolatry that detracted from true faith.
5. The novel explores themes of idolatry, highlighting the consequences of placing too much faith in human leaders.
