

IGNORANT

Meaning: Lacking knowledge, awareness, or education about a particular subject or issue.

1. Her ignorant remarks during the meeting revealed a lack of understanding about the project's complexities.
2. Despite his good intentions, his ignorant attitude towards cultural differences caused offense to several team members.
3. The teacher encouraged her students to ask questions rather than remain ignorant about the topic at hand.
4. He was criticized for being ignorant of the historical context behind the issue, which led to misunderstandings.
5. It's important to address ignorance with education rather than judgment to foster a more informed society.
