

IMMEDIATISM

Meaning: Immediatism is a philosophy that promotes direct action and immediate results in social movements, prioritizing instant gratification over gradual change.

1. Immediatism advocates for direct action rather than waiting for gradual change.
2. The philosophy of immediatism emphasizes the importance of immediate gratification in social movements.
3. In discussions of political theory, immediatism is often contrasted with gradualism.
4. Many activists were drawn to immediatism as a response to perceived delays in social reform.
5. Immediatism challenges conventional approaches by prioritizing urgent needs over long-term strategies.
