

IMPLEADER

Meaning: Impleader is a legal procedure that allows a defendant to bring a third party into a lawsuit to share liability or clarify responsibilities among multiple parties.

1. The court allowed the defendant to file a motion for impleader to bring in a third party.
2. In complex litigation, an impleader can help clarify the responsibilities of multiple parties involved.
3. The attorney argued that impleader was necessary to ensure that all relevant parties were present for the trial.
4. By using impleader, the plaintiff sought to hold the co-defendant accountable for any damages awarded.
5. The judge granted the motion for impleader, recognizing the potential for shared liability among the parties.
