

IMPLIED

Meaning: Implied refers to something that is suggested or indicated indirectly rather than explicitly expressed.

1. The message was implied rather than stated outright, leaving room for interpretation.
2. Her smile implied that she was pleased with the outcome of the meeting.
3. The author implied deeper meanings through the symbolism in his writing.
4. His tone implied disapproval, even though his words were polite.
5. The contract contained terms that implied certain responsibilities for both parties.
