

# INARTICULATENESS

*Meaning: Inarticulateness refers to the quality of being unable to express oneself clearly or effectively in speech.*

1. Her inarticulateness during the interview made it difficult for the panel to gauge her true potential.
2. The inarticulateness of his speech revealed his nerves, but his passion was undeniable.
3. Despite her inarticulateness, her emotions shone through, conveying a depth that words often fail to capture.
4. Inarticulateness can often be misinterpreted as lack of intelligence rather than a struggle with expression.
5. He faced his inarticulateness with humor, acknowledging that not everyone is a natural communicator.
