

INHERITRESS

Meaning: Inheritress: a female heir who receives property, wealth, or a title from a predecessor.

1. The young woman became the sole inheritress of her family's fortune after her father's passing.
2. As the designated inheritress, she faced immense pressure to uphold the family's legacy.
3. The ancient will clearly stated that the title could only pass to a male heir, leaving the inheritress feeling overlooked.
4. Inheritresses in history often wielded significant power, influencing politics and society.
5. Determined to make her mark, the inheritress set out to revitalize her family's estate and its reputation.
