

INTERLOCUTORY

Meaning: Interlocutory refers to a temporary or provisional order or ruling made by a court during the course of legal proceedings, which does not dispose of the entire case.

1. The judge issued an interlocutory order to resolve the preliminary issues before the trial began.
2. In legal proceedings, an interlocutory appeal can be made to challenge a ruling that does not resolve the entire case.
3. The parties were required to submit their arguments regarding the interlocutory injunction by the end of the week.
4. An interlocutory decree often allows a court to make temporary rulings that can affect the course of a trial.
5. During the hearing, the attorney sought clarification on the interlocutory ruling that had been made earlier in the case.
6. The judge issued an interlocutory order to resolve the immediate issues before the trial.
7. During the hearing, the lawyers focused on several interlocutory motions that could influence the case's outcome.
8. Interlocutory appeals can significantly affect the direction of litigation without waiting for a final judgment.
9. The parties sought an interlocutory injunction to prevent potential harm while the case was still pending.
10. Understanding the implications of interlocutory decisions is crucial for effective legal strategy.
