

INTERMISSION

Meaning: INTERMISSION: a short break between parts of a performance or event, typically allowing for rest or refreshments.

1. The theatergoers eagerly awaited the intermission to discuss their favorite scenes.
2. After a long act, the intermission allowed everyone to stretch and grab a snack.
3. During the intermission, the audience buzzed with excitement about the upcoming performance.
4. The intermission was a welcome break, giving the cast time to rest and regroup.
5. As the lights dimmed for the second act, the audience settled back into their seats after the intermission.
