

# INTERNMENT

*Meaning: Internment is the confinement or imprisonment of individuals, often without trial, typically during wartime or in response to perceived security threats, particularly based on ethnicity or political beliefs.*

1. The government's decision to impose internment on certain groups raised significant human rights concerns.
2. During World War II, many citizens found themselves facing internment due to their ethnicity.
3. Internment camps were often surrounded by barbed wire and heavily guarded by military personnel.
4. The legacy of internment continues to affect the families of those who were unjustly detained.
5. Activists are working to ensure that the lessons learned from past internments are not forgotten.
