

INTERROGATORY

Meaning: Interrogatory: a formal set of written questions submitted by one party in a legal case to another party, requiring a written response for the purpose of gathering information.

1. The lawyer prepared a series of interrogatories to gather detailed information from the witness.
2. During the trial, the defendant's attorney objected to the scope of the interrogatory questions posed by the prosecution.
3. Interrogatories are often used in civil cases to help clarify the facts before going to trial.
4. In response to the interrogatory, she provided extensive documents to support her claims.
5. The judge ruled that the interrogatory was overly broad and needed to be revised for clarity.
6. The attorney submitted a series of interrogatories to gather information from the opposing party.
7. During the deposition, she meticulously reviewed the interrogatory responses for any inconsistencies.
8. In legal proceedings, an interrogatory is often used to obtain detailed facts from the other side.
9. Responding to an interrogatory can be a time-consuming process, requiring careful attention to detail.
