

INTRANSITIVE

Meaning: Intransitive refers to a verb that does not require a direct object to complete its meaning.

1. The verb "sleep" is an intransitive verb, as it does not require an object to complete its meaning.
2. Intransitive verbs can stand alone, making them unique compared to transitive verbs that need an object.
3. She laughed loudly, demonstrating how intransitive verbs can convey meaning without a direct object.
4. Understanding intransitive verbs is crucial for mastering sentence structure in English grammar.
5. The sentence "He runs every morning" showcases the use of an intransitive verb effectively.
