

# INTUITION

*Meaning: Intuition is the ability to understand or know something instinctively, without the need for conscious reasoning.*

1. Her intuition told her that something was off, even though there were no obvious signs.
2. He relied on his intuition to guide him through the complex decision-making process.
3. The artist's intuition often led her to create pieces that resonated deeply with viewers.
4. In moments of uncertainty, she found comfort in trusting her intuition rather than overanalyzing every detail.
5. Their shared intuition about the project's potential success brought the team closer together.
