

ISLET

Meaning: Islet: a small island, typically one that is uninhabited or sparsely populated.

1. The small islet was a hidden gem in the vast ocean.
2. Birdwatchers flock to the islet during migration season to observe rare species.
3. After a long day of sailing, they dropped anchor near the secluded islet.
4. The islet was covered in lush greenery and vibrant flowers.
5. Explorers often dream of finding uncharted islets in remote waters.
