

# JACKSTRAW

*Meaning: Jackstraw refers to a game involving the careful removal of sticks from a pile without disturbing the others, or it can denote a clever or cunning character in folklore.*

1. The young boy played with a jackstraw set, carefully trying to pick up sticks without disturbing the others.
2. In the old folk tale, the jackstraw was a clever character who outsmarted the giants.
3. As the wind blew through the field, the jackstraw swayed gently, a silent sentinel among the crops.
4. During the festival, they held a competition to see who could build the tallest jackstraw tower.
5. The artist's depiction of a jackstraw in the painting added a whimsical touch to the otherwise serious scene.
