

JANSENISM

Meaning: Jansenism is a theological doctrine that emphasizes the necessity of divine grace for salvation and stresses the inherent depravity of humanity, often contrasting with more lenient theological perspectives.

1. Jansenism emphasizes the importance of divine grace in achieving salvation.
2. The teachings of Jansenism were often at odds with the more permissive views of the Jesuits.
3. Many theologians debated the implications of Jansenism on Catholic doctrine during the 17th century.
4. Critics of Jansenism argued that its strict views could lead to despair among believers.
5. Jansenism contributed to significant theological and political conflicts within the Church in Europe.
