

JESUITOCRACY

Meaning: Jesuitocracy refers to a political system or governance where Jesuit priests or their influence hold significant power, often prioritizing religious authority over democratic principles.

1. The rise of Jesuitocracy in the region sparked debates about the influence of religious institutions on political governance.
2. Critics argue that Jesuitocracy undermines democratic principles by prioritizing clerical authority over popular representation.
3. In historical contexts, Jesuitocracy often led to tensions between secular leaders and ecclesiastical powers.
4. The novel explores a fictional world where Jesuitocracy shapes societal norms and values, challenging the status quo.
5. Understanding the implications of Jesuitocracy requires a nuanced examination of its philosophical and ethical foundations.
