

JETTEE

Meaning: JETTEE: A structure extending into a body of water, used to protect a harbor or shoreline and often to secure boats.

1. The fisherman secured his boat to the jettee, ready to unload his catch.
2. During the storm, the waves crashed against the jettee, sending spray high into the air.
3. The quaint little jettee provided the perfect spot for watching the sunset over the harbor.
4. Locals often gather at the jettee to fish or simply enjoy the serene view of the water.
5. While walking along the jettee, she spotted a family of ducks paddling peacefully nearby.
