

# JUDAIZER

*Meaning: JUDAIZER (noun): A person who advocates for the adoption of Jewish laws and customs, particularly in the context of influencing non-Jewish individuals or groups to adhere to these practices within a Christian framework.*

1. The early Christian community faced challenges from those who would judaize the faith.
2. In his writings, Paul often addressed the dangers posed by those who sought to judaize Gentile converts.
3. The debate over whether to judaize the new believers led to significant tensions within the church.
4. Some factions within the movement were accused of trying to judaize practices that had been uniquely Christian.
5. The term 'judaizer' became a point of contention in discussions about the nature of faith and law.
