

JUNCO

Meaning: A junco is a small, often grayish bird of the genus Junco, commonly found in North America, especially during winter.

1. The junco flitted from branch to branch, its dark plumage contrasting with the snow-covered ground.
2. During winter, juncos often gather in flocks, creating a lively scene in the backyard.
3. As the sun rose, the cheerful chirping of the juncos filled the crisp morning air.
4. Birdwatchers eagerly awaited the arrival of the junco, a common yet charming visitor to the region.
5. With its white outer tail feathers, the junco is easily identifiable as it takes flight.
