

JUNKERISM

Meaning: Junkerism refers to a political and social ideology that emphasizes the interests and values of the aristocracy or landed gentry, often at the expense of modern democratic principles and social equality.

1. The rise of junkerism threatened the stability of the nation as old aristocratic values clashed with modern ideals.
2. Critics of the government often accused its leaders of promoting junkerism through policies that favored the elite.
3. In her lecture, she described junkerism as a relic of the past that still influences contemporary politics.
4. The novel explores themes of junkerism, illustrating how the remnants of nobility affect the lives of ordinary citizens.
5. Junkerism can be seen as a response to social change, where the privileged seek to maintain their status and power.
