

JUNTA

Meaning: Junta: a committee or council, especially a military one, that rules a country after taking power by force.

1. The military junta took control of the government after a series of protests.
2. Human rights organizations condemned the actions of the junta for their brutal crackdown on dissent.
3. In the wake of the coup, the junta imposed strict curfews and limited freedoms.
4. Many citizens fear that the junta will undermine democratic processes and civil liberties.
5. The junta's leadership has faced international sanctions and widespread condemnation from various governments.
