

# JUXTAPOSITION

*Meaning: Juxtaposition is the act or instance of placing two or more elements side by side, often to highlight their differences or create a contrasting effect.*

1. The juxtaposition of the bright colors against the dark background created a striking visual effect.
2. In her essay, she explored the juxtaposition of urban life and nature, highlighting their contrasts.
3. The artist's work often features the juxtaposition of traditional and modern techniques, creating a unique style.
4. The film's clever use of juxtaposition between humor and tragedy left the audience with mixed feelings.
5. By placing the two sculptures side by side, the curator emphasized the juxtaposition of their differing artistic philosophies.
