

LANDLORD

Meaning: A landlord is a person or entity that owns and rents out property, typically residential, to tenants.

1. The landlord decided to renovate the apartment complex to attract more tenants.
2. After months of searching, she finally found a landlord who was willing to accept her application.
3. It's important for a landlord to maintain open communication with their tenants.
4. The landlord raised the rent unexpectedly, leaving many residents frustrated.
5. He always made sure to address any maintenance issues promptly, proving to be a responsible landlord.
