

LEASING

Meaning: Leasing is the practice of obtaining the use of an asset, such as a vehicle or equipment, through a rental agreement for a specified period, typically involving regular payments.

1. Leasing a car can often be more affordable than purchasing one outright.
2. Many businesses prefer leasing equipment to preserve their cash flow and maintain flexibility.
3. The leasing agreement included terms that benefited both the landlord and the tenant.
4. She decided that leasing an apartment in the city was a better option than buying a home.
5. By leasing the property, they were able to invest their savings into other ventures.
