

LEPERIZE

Meaning: To leperize means to ostracize or marginalize individuals or groups, treating them as outcasts or pariahs.

1. The decision to leperize the community only deepened the divisions among its members.
2. In an effort to leperize those who disagreed, the group adopted increasingly extreme measures.
3. It's heartbreaking to see how society tends to leperize individuals who are different.
4. When we leperize people for their mistakes, we deny them the chance for redemption.
5. To leperize someone is to isolate them in a way that can have lasting emotional scars.
