

LIGHTHOUSE

Meaning: A lighthouse is a tall structure equipped with a light and often a beacon, used to guide ships safely through dangerous waters and mark coastlines.

1. The lighthouse stood tall on the rocky shore, guiding ships safely through the stormy seas.
2. As the sun set, the beacon of the lighthouse illuminated the darkening landscape.
3. Tourists flocked to the historic lighthouse to capture the perfect sunset photo.
4. The old lighthouse had been decommissioned for years, yet it remained a symbol of hope for local fishermen.
5. Every evening, the lighthouse keeper would climb to the top to ensure the light was shining brightly.
