LIMITABLE

Meaning: Limitable: capable of being restricted or confined within certain bounds or limits.

1. The potential of technology is often seen as limitless, yet some argue it is fundamentally limitable by ethical considerations.

2. In mathematics, certain functions are limitable, meaning they approach a specific value but never quite reach it.

3. The resource constraints of our environment remind us that even our ambitions are limitable by nature's capacity.

4. In discussions about personal growth, we must acknowledge that our abilities can be limitable, shaped by our experiences and education.

5. The artist's creativity may feel boundless, yet even their imagination can be limitable by societal norms and expectations.
