

LOCKOUT

Meaning: Lockout: a situation in which employees are temporarily barred from entering the workplace, typically during labor disputes or safety inspections.

1. The factory implemented a lockout to prevent workers from entering the premises during the safety inspection.
2. Due to the ongoing dispute, the union called for a lockout that lasted several weeks.
3. Employees faced significant financial strain as the lockout extended beyond their initial expectations.
4. The lockout policy was introduced to ensure that no unauthorized personnel accessed the sensitive areas of the facility.
5. During the lockout, many workers sought alternative employment to make ends meet.
