

MACER

Meaning: Macer: a person or tool that softens or extracts flavors from food, particularly fruits or herbs, typically through soaking or crushing.

1. The macer of the fruit ensured that the flavors were fully extracted for the dessert.
2. In traditional recipes, a macer is often used to soften and enhance the taste of dried herbs.
3. She learned that a good macer could transform tough cuts of meat into tender, flavorful dishes.
4. The chef relied on the macer technique to bring out the natural sweetness in the berries.
5. After the macer process, the sauce had developed a rich and complex flavor profile.
