

# MANES

*Meaning: MANES: The long, flowing hair or fur on the neck of a horse or similar animal, often associated with beauty and grace.*

1. The wild horses galloped across the plains, their flowing manes catching the sunlight.
2. In ancient myths, gods and goddesses often had long, shimmering manes that symbolized their divinity.
3. The groomer carefully brushed the dog's thick manes to keep them free of tangles and debris.
4. As the wind blew, the woman's hair danced like a mane, wild and free against the backdrop of the ocean.
5. The artist captured the beauty of the stallion, focusing on the intricate details of its majestic manes.
