

MEDIVALISM

Meaning: Medievalism is the artistic and intellectual movement that seeks to revive or romanticize the cultural, social, and aesthetic aspects of the Middle Ages.

1. Medievalism often romanticizes the chivalric ideals and courtly love of the Middle Ages.
2. The resurgence of medievalism in modern literature reflects a fascination with a bygone era.
3. Artists frequently draw inspiration from medievalism to explore themes of heroism and honor.
4. In architecture, medievalism is evident in the revival of Gothic styles during the 19th century.
5. Critics argue that medievalism can sometimes perpetuate unrealistic views of historical societies.
