

# MILEPOST

*Meaning: A milepost is a marker placed alongside a road to indicate the distance traveled or remaining to a specific destination.*

1. The old milepost along the dirt road had seen better days but still marked the way for travelers.
2. As we drove through the countryside, each milepost seemed to tell a story of the land we were crossing.
3. The milepost indicated we were only ten miles away from our destination, lifting everyone's spirits.
4. She stopped to take a picture next to the milepost, commemorating her journey across the country.
5. In the midst of the forest, a rusted milepost reminded hikers of the trails that once connected this area.
