

# MISTIDE

*Meaning: Mistide: a thin layer of mist or fog that envelops an area, often creating a mysterious or ethereal atmosphere.*

1. The mistide of the early morning wrapped the landscape in a mysterious veil.
2. As the sun rose, the mistide began to dissipate, revealing the beauty of the valley.
3. Walking through the mistide, she felt a sense of tranquility envelop her.
4. The photographer captured the serene moment where the mistide danced over the lake.
5. In the quiet of the forest, the mistide created an ethereal atmosphere that felt almost magical.
