

MONOTHELITE

Meaning: Monothelite refers to the theological belief that Christ has two natures but only one will.

1. The term 'monothelite' refers to a theological position concerning the nature of Christ.
2. In the 7th century, the monothelite controversy sparked significant debate among Christian theologians.
3. Many viewed the monothelite doctrine as a compromise that failed to adequately address the dual nature of Christ.
4. The monothelite perspective proposed that Christ had a single will, contrasting sharply with the dyothelite view.
5. Scholars continue to study the implications of monothelitism on contemporary theological discussions.
