

MOORING

Meaning: Mooring refers to a place where a boat or ship is secured to a fixed object or anchored to prevent it from drifting.

1. The boat was safely secured at the mooring for the night.
2. After a long day of sailing, the crew was relieved to find the mooring available.
3. The fisherman checked his lines before leaving the mooring to ensure everything was in order.
4. Strong winds can make it challenging to hold a mooring, especially in open waters.
5. The harbor's mooring system was recently upgraded to accommodate larger vessels.
