

MURMURATION

Meaning: Murmuration is a noun that refers to a phenomenon where a large group of birds, especially starlings, move together in a coordinated, fluid pattern, often creating an enchanting visual display in the sky.

1. The murmuration of starlings danced gracefully across the evening sky.
2. As dusk fell, the murmuration created a mesmerizing spectacle that captivated all who watched.
3. I was spellbound by the murmuration, as thousands of birds swirled together in perfect harmony.
4. Photographers flocked to the park to capture the breathtaking murmuration that unfolded at sunset.
5. Each evening, the murmuration would gather above the river, forming beautiful shapes before settling down.
