

NEB

Meaning: Neb: a luminous or brightly illuminated region of a star-forming area in space, often associated with the birth or evolution of stars and galaxies.

1. The neb of the starship glowed brightly against the backdrop of space.
2. Scientists studied the neb to better understand the formation of galaxies.
3. Through the telescope, the neb appeared as a swirling mass of color and light.
4. In the folklore of ancient cultures, the neb was often seen as a portal to other realms.
5. The artist captured the essence of the neb in his breathtaking mural.
