

NEPENTHE

Meaning: Nepenthe is a substance or experience that brings relief from sorrow or pain, often associated with forgetfulness or escape.

1. In her grief, she sought nepenthe in the form of old memories and forgotten dreams.
2. The poet's words were like nepenthe, soothing the raw edges of sorrow with their beauty.
3. He discovered that music could be a nepenthe, lifting his spirits and easing his mind.
4. During the long winter nights, she turned to books as her nepenthe, escaping into worlds unknown.
5. In moments of despair, he found solace in nature, a true nepenthe for his troubled soul.
